DEPARTMENT OF TELECOMMUNICATIONS & ENERGY

HOUSATONIC WATER WORKS COMPANY

M. D. P. U. NO. 13

CANCELLING

M. D. T. E. NO. 11

SCHEDULE OF WATER RATES  
APPLICABLE TO ALL CLASSES

Issued: December 14, 2007

HOUSATONIC WATER WORKS COMPANY

EFFECTIVE: January 31, 2008

Issued By: James J. Mercer, Treasurer

RATES FOR METERED SERVICE

AVAILABILITY

These rates are available to all customers located on the mains of the Company, subject to the RULES AND REGULATIONS of the COMPANY.

MINIMUM CHARGES

Minimum charges with quantities of water allowed, without additional charge, will be made to each customer for each meter. Such charges and such allowances of water for each size meter are as follows:

<u>Size of Meter in Inches</u>	<u>Monthly Allowance in Gallons</u>	<u>Minimum Charge per Month</u>
5/8 or 3/4	2,500	\$ 34.32
1	4,000	54.00
1 1/2	8,000	107.80
2	12,500	169.30
3	25,000	340.20
4	40,000	544.10
6	80,000	1,086.90

VOLUMETRIC CHARGES

The following rate shall apply to all water use in excess of the Monthly Allowance set forth above by meter size.

Per 100 gallons per month, or any part thereof \$0.811

FIXTURE RATES

The following charges shall apply to all non-metered customers and payment is to be made in advance for the month on the 1st.

	<u>Annual Fixture Rates</u>
First faucet installation in sink, washbowl or other faucet installation	\$ 163.44
Each additional faucet installation	56.16
Bathtubs (one bathtub installation)	78.36
Each additional bathtub installation	56.16
Toilet (one toilet installation)	78.36
Each additional toilet installation	56.16
Use of hose (first outlet) per season	91.44

INSTALLATIONS

A faucet installation consists of an outlet of either cold or hot water, or both, in any one receptacle.

A bathtub installation consists of an outlet consisting of faucets or a shower of either hot or cold water, or both, in any one bathtub or like receptacle.

An automatic dishwasher is treated as an additional faucet installation.

An automatic laundry machine is treated as an additional faucet installation.

A toilet installation consists of a cold water outlet controlled by a self-closing floating valve with appropriate receptacle.

All such installations shall be deemed to be installed and subject to charge at the foregoing applicable rates unless both the water outlets and the receptacle drain of such installation are disconnected and plugged in a manner acceptable to the Company.

FIRE PROTECTION

Public hydrants now and hereafter installed or located by the Housatonic Water Works Company in the public streets and ways in the towns of Great Barrington, West Stockbridge and Stockbridge:

	<u>Annual Charge</u>
Public hydrants, producing a flow of 250 gallons or more per minute	\$575.40
Public hydrants, producing a flow of 150 gallons and less than 250 gallons or more per minute	\$462.96

Private hydrants installed at owner's expense will be charged \$575.40 per annum. Charges for sprinkler connections will be established by written contract between the Company and the private fire service customer.

PAYMENTS

Payment for unmetered service is to be made in advance for the month on the 1st. Metered service will be billed in arrears.
